Remnant Sales Offer

Winter stored divisions of Peonies for quantity spring planting.

10 Roots at 15 cents each.

25 or more roots at 10 cents each.

BEARDLESS IRISES

With the advent of another planting season, our attention is again called to the Beardless section of the Iris family. It is from this section of the family that the blooming season may be prolonged and enhanced by different flower forms and colors.

On this group the sibericas are the most popular—because they respond to simple culture and adapt themselves admirably to locations adverse to the growth of the bearded section.

Mr. Bonnewitz has imported over one hundred varieties of this section the past year,—hoping to meet the increasing demand for this type of hardy perennial.

We are confident that all Iris growers will find a demand for these plants to use about bird baths, pools and in the perennial border. For spring delivery, we are able to list the following varieties of siberica at this time.

	10	25	100
Snow Queen— <i>Pure White</i>	\$1.50	\$2.50	\$8.00
Emperor— <i>Violet</i>	3.50	6.25	20.00
Perry's Blue—			
<i>China Blue and White</i>	5.00	10.00
Siberica Acuta— <i>Blue and White</i> . .	1.50	2.50	8.00
Siberica Distinction—			
<i>Violet Veined White</i>	2.00	3.75	10.00
